Osmose Utilities Services, Inc. • 980 Ellicott Street • Buffalo, New York 14209 • 716 882-5905 • 800 877-POLE • FAX 716 882-7822

Callahan's

Kudzu Guard

By Osmose Utilities Services, Inc.

www.osmose.com

U.S. Patent #6,684,578

Kudzu and its related problems are spreading at a rate of over 150,000 acres per year. Traditional approaches have been mechanical cutting and herbicide application. **Kudzu Guard** is a non-herbicide approach to deterring kudzu growth. **Kudzu Guard** prevents the plant from vining up guy wires and stops the overgrowing of poles. **Kudzu Guard** can be installed at a fraction of the cost of other “short term” solutions.

Other Features and Benefits

Kudzu Unable to Climb	10 Year Life Expectancy
Easy to Install	UV Protected
Functions as a Guy Marker	Patented Technology

Visit our website – www.osmose.com or call (800) 877-POLE for pricing and to discuss your specific application.
