

### 3 Ultrathon™ Insect Repellent

#### Backed by 3 Science

Ultrathon™ has been critically tested to meet the highest standards of scientific integrity. We work closely with the EPA and other government agencies to ensure that we meet all US and United Nations regulations on our products and shipping methodologies.

- **Original lotion tested in Central American jungles** for proven efficacy
- **Patented 3 Controlled Release Technology** allows less DEET – a consumer positive – to last longer than brands containing more DEET
- **Repels mosquitos** that may carry West Nile virus
- **Repels ticks** that may carry lime disease
- **Also repels biting flies**, plus chiggers, gnats, and more
- **Resists perspiration**, as well as rain and water splashes
- **Outdoor scent** has a mellow, unobtrusive essence
- **Aerosol spray-through cap** sprays upside down for total coverage
